

February 01, 2026 at 4:50am: On my Prayer, As I listen to our local police department use sirens to intimidate me

This morning, as I work on the serious business of translating ancient wisdom to help save our modern world from the extortionist methods of the KGB, the CIA, and the President of the United States of America, I am being forced to hear sirens near my home as a threat to me from our local police department.

I am currently working on Degree 09 Sign 10, Treading and Walking and the signs are the sign of heaven above the sign of joyous wisdom.

Unfortunately for all of our modern world, we have an incredibly large problem hanging over all of our heads in the name of Donald 'the John' Trump.

Truly, I cannot believe that so much of our world has now become consumed by one person's appetite for attention. Can you believe that it has been 10 years now since he began hanging around our national political arena? We have been enduring this psychopath for ten years now!

How can we continue to live with this person - he is in fact a human being - receiving so much joy from being hated? His continuing attempts to remain relevant in my life after having been disgraced in such a publicly visible and obvious way is nothing short of mental illness.

Donald's sense of power is simply determined by whether he has the 'power' to bother and annoy other people. Let that be the legacy of Donald 'the John' (and abuser) Trump.

Donald was entrusted with the power of the American government and chose to use his position of power to harm, bother, and annoy everyone in the entire world until we all hated him passionately - and he enjoyed himself because of it.

So, it is now 4:57 a.m. and I have to endure the local police department sounding sirens around my home - being ordered from the office of an obviously disgraced addict.

God, have mercy on Donald Trump's soul as he has proven himself to be a lost and hopeless addict. His drug of choice was power over others and that power can be very addictive. Similar to the heroine addict that I extend the same empathy, I extend empathy to the addiction that has engulfed the life of Donald Trump.

However, I cannot excuse his criminal actions and threats that he maintains to the general public and specific people, like my own family.

For that reason, I am asking Congress to impeach Donald Trump (again) and this time do not spare him from the penalties that are associated with his criminal actions.

Let his defense attorneys argue his affluenza defense and may we all watch justice truly manifest itself over America and the world.

WE HAVE ALL SEEN ENOUGH TO KNOW EXACTLY WHO AND WHAT DONALD TRUMP TRULY IS AND NOW WE ARE READY TO WATCH THE CONSEQUENCES OF GOD'S ALMIGHTY JUSTICE BRING THE WORLD BACK TO A PLACE OF HARMONY AND PEACE.

AMEN.
